

Instructions for Tabbing Your Bible

Supplies needed:

Bible

Topic Tabs

List of Bible Verses

Highlighters

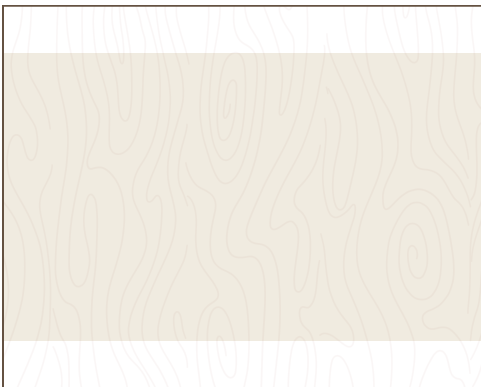

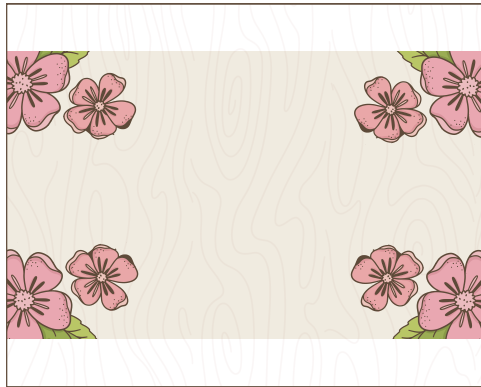

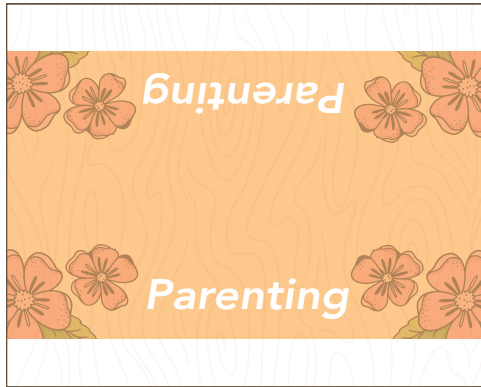

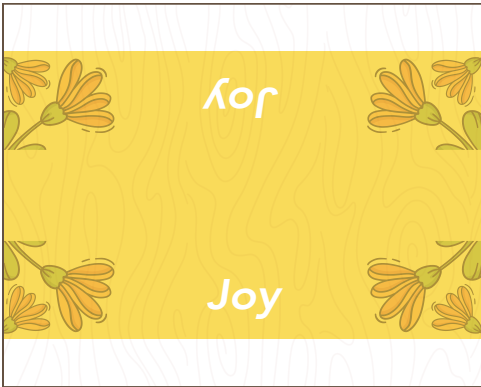

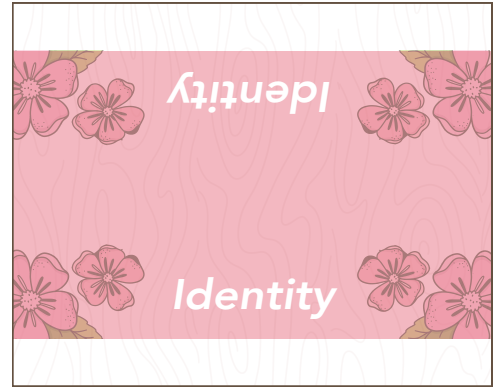

Double-sided Tape Roller

- Cut out tabs from card stock and fold each tab in half with the colored part of the tab facing outward. Keep tabs separated by topic.
- Choose a topic and select a corresponding colored highlighter. Use the list of Bible verses to highlight the Scriptures for that topic in your Bible. Seven verses are listed for each topic, but you can add more verses and tabs as you desire.
- Prepare to add the topic tabs. You may choose to line up the tabs at the same place on the page (top to bottom) throughout your Bible, or you may choose to stagger the same topic tabs $\frac{1}{4}$ " to $\frac{1}{2}$ " apart down the length of the pages as you go throughout your Bible.
- Make sure your topic tabs are the correct width when folded so that your tab does not cover the edges of the text when taped in your Bible. Run tape along the inside of the bottom and top edges of the tab. Secure one side of the topic tab to the margin near the highlighted verse, then turn the page and secure the other side of the tab. Repeat this for all the tabs in each topic.
- If you are lining up your tabs by topic, remember to move down the length of the page about $\frac{1}{4}$ " to $\frac{1}{2}$ " when beginning a new set of tabs so that you are staggering topics down the length of your Bible.
- When you have highlighted and tabbed all the verses for each topic, tape the list of Bible verses to the front page of your Bible for easy reference.
- You will also find some blank tabs that you can use for adding additional topics to your tabbed Bible.
- Now spend time in God's living Word and watch it empower, direct, comfort, and strengthen you for the days ahead!
