Reflection/Response

- What is God specifically teaching you through this text?
- Has God continuously brought issues to mind, but you've chosen not to address them? What holds you back from releasing those issues to God?
- How is God challenging you to faithfully follow Jesus *today*?
- Can you pinpoint any areas where you were previously devoted to Jesus, but that devotion has been replaced with some level of complacency?
- Are there places where you've become blinded to true value? Are you putting your primary time, attention, and resources to things that will matter in light of eternity?
- Ask God to show you anything that has diverted your focus from God's love and God's will.
- What is the current reality of your walk with God? Does it match God's promises?
